

One by Wacom®

Learning made easy

One by Wacom brings an easy to use digital pen to your computer. Digital learning and creativity couldn't be easier.

The natural pen experience

A responsive, ergonomic, pressure-sensitive pen gives you a natural way to create. The pen doesn't need batteries, so it's lightweight, perfectly balanced and comfortable to use.

A tool for learning

As learning shifts to computers, a digital pen allows you to seamlessly collaborate, share work, and interact with other students and teachers more effectively. The One by Wacom pen and tablet is comfortable, sturdy, accurate, and it feels just like pen on paper. Plus, it works with nearly any pen enabled, creative or learning application.

A versatile digital canvas

This small tablet takes up a tiny amount of your desk, but still gives enough workspace to create.

Simple to set-up

One by Wacom has everything you need, and nothing that you don't, so it's easy to get started on your next assignment. Just connect the USB cable to your Mac or PC, download and install the driver and you're ready to go. If you're on a Chromebook, no driver required – just plug and go.* Starting on that homework or a new drawing really is that simple.

Key features:

- Pressure-sensitive pen – perfectly matches your hand's force and movement
- No batteries required – so the pen is lightweight and comfortable to use
- Easy plug-in via USB
- Compact, with more space to create

* Some devices require a USB-C adapter.

Product Specifications

Model	One by Wacom small
Product Code	CTL472
Color	Top - Black; Bottom - Red
Weight	0.57 lbs (260 g)
Size (W x D x H)	8.3 x 5.7 x 0.3 in (210 x 146 x 8.7 mm), without tag and rubber foot
